**Programa de Pós-Graduação em Clima e Ambiente**

**Legenda:**

Prec<sub>24h</sub> – precipitação acumulada  
T<sub>méd</sub> – temperatura média do ar  
T<sub>min</sub> – temperatura mínima do ar  
T<sub>máx</sub> – temperatura máxima do ar

UR – umidade relativa média do ar  
Vel<sub>vento</sub> – velocidade média do vento  
R<sub>a</sub> – radiação solar extraterrestre  
US<sub>10</sub> – umidade média do solo na profundidade de 10 cm

US<sub>30</sub> – umidade média do solo na profundidade de 30 cm  
Evap. – evapotranspiração  
T<sub>o</sub> – temperatura do ponto de orvalho
